THE NEW DEAL.

The Wabash in the Hands of a Receiver

and the Plans of the New Management.

The Heavy Frosts of Last Night do

Great Damage, Killing the Small Fruits.

The Condition of the Penn Bank--A

Mysterious Disappearance of the Funds.

The Wabash in the Receivers' Hands.

CHICAGO, May 29.—A bill asking for a receiver for the Wabash railway was filed in the United States court yesterday, it being auxiliary to a suit begun at St. Louis, in which Solon Humphreys and Thomas E. Tutt were appointed receivers in bonds of \$50,000. The auxiliary bill is simply for the purpose of bringing that portion of the road in Illinois under the same jurisdiction.

THE APPOINTMENT.

ST. LOUIS, May 29.—Two receivers for the Wabash, St. Louis and Pacific railroads were appointed by the United States circuit court yesterday. Solon Humphreys, of New York, formerly the president of the road, and Charles E. Tutt, of this city. The railroad, which includes 3,600 miles of track, has been in danger of not being able to raise several immense mortgages due June 1, and the receivers were appointed on application of the company. It is claimed that the affair will be properly adjusted in time.

THE POLICY UNDER THE NEW DEAL.

ST. LOUIS, May 29.—The office of the Wabash railroad will be in this city and Solon Humphreys will spend a good deal of time here. An order will be issued to the Wabash officials and employees today, notifying them that there will be no changes among them, but that the operation of the road will go on as usual for the present. Under the receivership the divisions which are earning their interest charges will be compelled by the court to pay them. There will be no permanent default on the obligations of the Toledo, Chicago and Kansas City divisions. The interest of non-paying branches, however, will be defaulted and the original owners allowed the alternative either of funding their original coupons or taking back their property. It is declared to be impossible at present to state what division will be left out of the new organization, with the exception of the Cairo and Vincennes. There is no doubt but that line will have to go.

A Heavy Frost.

CHICAGO, May 29.—A Rockford, Ill., special says: A frost visited this section last night doing great damage to the growing grain and vegetation. The corn in many places is ruined and it is too late to plant it again.

OTTAWA, May 29.—A sharp frost fell the past two nights. Fruits and other crops are much damaged.

DURHAM, May 29.—Heavy frosts are reported from the interior of the state last night, doing much damage.

MILWAUKEE, May 29.—Frost was general in Wisconsin last night. Reports from Rock county are to the effect that tobacco is badly injured and small fruits and vegetables are ruined. Similar reports come from Greene and Adams counties. In Milwaukee county cloches were frozen stiff on the vine and ice formed three-quarters of an inch thick on small ponds.

The Penn Bank.

PITTSBURG, May 29.—Henry Warner, assignee of the Penn bank, has taken charge and discharged the clerks. He will begin the work at once, but says it will require two weeks and possibly thirty days before a statement of affairs can be made. The deficiency, it is believed, will reach fully \$1,250,000. It is said that of \$40,000 known to be on the counter when the bank closed, only \$1,000 was turned over to the besiege.

LOCAL NEWS.

Decoration Day to-morrow.

Morris Cody is again confined to his residence by illness.

Ice formed last night and vegetables suffered from its effects.

Conrad Klenke is now an American citizen, having been naturalized.

Miss Curie Gavin, of Lafayette, is the guest of her friend Miss Mamie DeWald.

Next Sunday afternoon Rt. Rev. Bishop Dwenger will confirm children at St. Paul's Catholic church.

Sheriff Schieber took O'Neal, Smith, Mauer, all prisoners, to Columbia City to-day to testify in the Butler case.

The youngest child of Mr. and Mrs. J. H. Briarwood, 265 West Jefferson street, died this morning. Notice of funeral to-morrow.

A deserted woman called on Trustee Gaffney for aid this morning. She said her husband had tired of her company and skipped.

There is a sick woman at No. 29 Hood

street, that the charitably disposed should call and see. Her condition is most certainly deplorable.

Marriage licenses have been granted to Rinchart Weipert and Frederika Altkne, William F. Ramps and Elizabeth Uhl, Nathaniel S. Smith and Nellie Dickinson, Charles W. Bishop and Riley Meyers, William Kramer and Sophia Koenig.

To-day in the criminal court the case against Hammerle, for selling liquor without a license, was not pressed. An affidavit and information was filed against a youthful lad named Patterson for larceny. Owing to the absence of Henry Colerick the decision in the Boyle case was postponed till to-morrow.

A Jewish peddler named Simon Shleetsky, who has lived at 158 Montgomery street, and has been doing business throughout the country as a peddler, skipped last night, avoiding the constables who were on the lookout for him. He shipped his furniture to Hammond and Chicago under the name of Nieman. The item in regard to Sheriff Justus and the prisoner Walker going to a house of call, while in this city, is not true. Mr. Justus did not take Mr. Walker to the penitentiary and was not in the city. James Dailey, the popular deputy sheriff, took Mr. Walker to Michigan City, and while in this city kept the prisoner in jail.

This afternoon Deputy Sheriff Dodge took Harris, a jail prisoner, to Decatur. Sheriff Schieber says that Harris will swear before the court that Lafayette Riley confessed to him that he (Riley) and Fred Richards murdered Ames Backensto. At Decatur this afternoon Robert Stratton filed a motion for a change of venue in the case of Richards.

Next Tuesday the market stands will be leased. Monday evening at the special meeting of the common council Market Master Schramm will present a proposition that the council shall provide tables for these stands. Hitherto the renters have been compelled to furnish the stalls themselves and Mr. Schramm believes that the increased rental of the stalls, after having been provided with permanent fixtures, will more than pay the extra expense incurred.

DEATH IN A BAGNO.

Ella Morton, the Pretty Innkeeper of a North Side House, Suicides—A Little Love Affair at the Bat-

tom of it.

The particulars of a sensational suicide were wafted from the soft predilects of the north side this afternoon and THE SENTINEL representative was promptly on hand to catch them. On a bed in a side room of the Nellie Hines mansion lay the lifeless form of Ella Morton. For years the girl has lived a life of shame, but still was susceptible to Cupid's dart and her love for the son of a wealthy citizen was known to the gay people who seek such society. Some time ago the young man referred to married and Nellie Morton despaired. She drank considerable and yesterday came to town. Then she purchased about four grains of morphine and this morning about 6 o'clock she swallowed the drug. At 8 o'clock her illness was detected by other inmates of the house and Drs. George L. Greenewalt and H. S. Myers were summoned.

Science could not battle against the poison and after frightful agony Nellie died at 1 o'clock this afternoon, muttering the names of her faithless lover and other giddy youths. The right name of the girl is Nellie Gee. Her mother resides at Toledo and is now en route here. Miss Gee was only seventeen years old and quite pretty. She has resided in the city about two years. Dr. James M. Dunn is holding an inquest.

LIVES OF PAIN

RHEUMATISM AND NEURALGIA have long enough had their seat in the human system.

They have tormented the human family and tried the medical faculty; from time out of memory they have corrupted the blood, demoralized the joints, taxed the nerves, writhed the muscles and racked the brain with wearying pain.

"ARTHROPHOBUS" is the enemy of Rheumatism and Neuralgia, removes their damages, regenerates the bones, eases the joints, calms the nerves, soothes the muscles, gives rest and peace to the troubled brain, and ensures delightful sleep.

"ARTHROPHOBUS" is a new remedy, but it has been abundantly tried. From far and near come testimonials from wretched persons who had long been sufferers. It has turned their disease out. It is cured them! That is all—and that is enough.

"ARTHROPHOBUS" can do for you what it has done for those sufferers. It can drive out your Rheumatism and Neuralgia, and will do so if you give it a fair trial.

"ARTHROPHOBUS" has by this time had such a trial all over the country that its true work is known, and its true character proved.

"ARTHROPHOBUS" means "Fright-Bearer;" "Victor;" "Conqueror." It carries off the jaws of terror over the attacks of those terrible, malignant and debasing forms of the painful agonies that rheumatism has endured. Not a mere temporary relief, but a permanent, enduring, and triumphant cure.

If you cannot get "ARTHROPHOBUS" of your drugist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be perturbed to try something else, but order at once from us as directed.

OFFICIAL PAPER COUNTY AND CITY.

TEN of the twenty-seven Mexican states hold elections this fall.

The republican party is allied with the sharks of Wall street. Both must go.

It is estimated that there are over 1,500 acres of strawberries in Marion county, Illinois!

Reform is certainly needed in the management of some of the banks of the country.

There is an avenue to fame open to some man who will start a Keifer boom for the presidency.

CONGRESSMAN CHACE, of Rhode Island, is put down as the only Quaker in the national legislature.

GUY JOHNSON, of Clinton, N. Y., the last slave in the state who was emancipated in 1812, is dead.

The Chicago convention next week will decide which is the stronger, "magnetism" or "patronage."

The secretary of the treasury is certainly negligent in his duty. Where was Mr. Folger when the Penn bank went up?

As for this time it is extremely pleasant to be a delegate to the national convention. A man finds out how many friends he has.

DON CARMER is in Washington, but there is no perceptible difference but here in Indiana in regard to the movement of the world.

It is time that the country should be purged of such institutions as do a million dollars worth of business on a hundred dollars worth of capital.

WIGGINS predicts a great storm September 15. Wiggins should not get so far ahead of the country. Thirty days notice would be sufficient.

ALL the republican possible candidates are congregating in Washington, where they will remain until their fate is decided. We have not heard of Mr. Blaine calling upon Mr. Arthur.

A FRIEND to all parties says that Conkling and Grant are for Blaine. No one in particular seems to be for these two gentlemen just now. Even Ward has given the Grants the cold shake.

If the good old man, Willian Penn, could look upon the disgrace brought upon his name by his namesake, the Penn bank, he would regret ever having made that little trade with the Indians.

A MEETING of the Ministerial association will be held in Fort Wayne to protest against Sunday base ball playing. This mode of Sabbath desecration is one of the growing evils of the times.—*LaGrange Democrat.*

TO-DAY, in the announcement column, appears the name of George H. Viberg as a candidate for sheriff. Mr. Viberg is the well known farmer of Cedar Creek township, is a sterling democrat and well qualified to fill the position to which he aspires.

JOSEPH LANGARD to-day announces himself as a candidate for commissioner from the third district. Mr. Langard is the well known business man of Columbian street and would no doubt prove a good man for the place should he be chosen for that position.

A DELEGATE'S VIEWS.

Hon. J. B. Kenner, one of the delegates from the Eleventh district of this state to the republican national convention, was in the city yesterday on his return home from Washington, where he had been to canvass the political field. A SENTINEL reporter meeting him prodded the inquiry as to who would be the nominee of the convention.

"It will be a dark horse," said Mr. Kenner. "Neither Arthur, Blaine or any of those mentioned most prominently, can be nominated, and the nominee will be some person not considered as prominent in the race and one who will come in under the general term of a 'dark horse.'

"Who do the men at Washington con-

clude as the one most likely to be nominated?"

"They are all at sea," was the answer. "No man in Washington knows more about it than we know here, and they are no better able to name the man. Of course the greater part of the republicans there are for Arthur, but this is explained by the fact that nearly all of them are office holders."

What are the prospects for an Indiana man?

"It is hard to tell, Gresham is the one most frequently spoken of, and I believe in the most prominent. If the honor falls on an Indianian, Gresham will most likely be the man."

Who does the delegation from this state favor?

"I think that their first choice is for Blaine. After that I cannot say as to who the favorite will be. But very little can now be told as to the outcome, and no one knows who the convention will name. It's all a matter of doubt."

Mr. Keener has served one term in the legislature and is now mentioned as a candidate for lieutenant governor. He is well posted as to the preferences of his party in this state, and is accounted a shrewd politician.

"Oh, I do feel so nice!" said a young girl of nineteen years. "I don't feel as if I had a head or stomach, or anything." And yet headaches, backaches, stomach aches and many other 'aches, swellings, sores, etc., troubled her before she took Dr. Guyott's Yellow Dock and Sarsaparilla. This remedy restored her to perfect health, as is indicated by her clear complexion, smooth skin and bright eyes. It will relieve all ailments peculiar to female life.

The democrats of Wisconsin, at their state convention to-day, will declare for Tilden for president. Three of the delegates to Chicago will probably be J. G. Jenkins, W. F. Vilas and Gen. E. S. Bragg.

Deserving of confidence! There is no article which so richly deserves the entire confidence of the community as Brown's Bronchial Troches. Those suffering from asthmatic and bronchial diseases, coughs and colds, should try them. Price 25 cents.

In the house yesterday Mr. Bedford introduced a bill appropriating \$500,000 for the erection of a home for disabled soldiers of the confederate army at Fredericksburg, Va.

The Portrait of the Head, the lips, allow the escape of a foul breath when the teeth are coated with impurities or falling into decay through neglect. If you would not well nigh nauseate your friends and inspire strangers with disgust, rid your mouth of such Augean courts by purifying your teeth with Sozodolit, which, if they are not past redemption, will revive their pristine whiteness and reinforce the shakier members of the dental family.

The carpenters' union, of Chicago, at a meeting last night, declared the strike at an end; the demand for an advance being conceded by practically all the bosses.

A Fine Hair Dressing. Cocaine dresses the hair perfectly, and is also a preparation unequalled for the eradication of dandruff.

The impurity of Burnett's Flavoring extracts consist in their purity and great strength.

Trouble in New Iberia, La., over the judicial election, is drawing to a head; and a conflict of the adherents of rival judges Gates and Fontenelle, is feared.

Nothing equals Allen's Billions physio in quickly relieving costiveness, headaches, heartburn and all other bilious troubles; 25 cts., large bottle.—At drug-gists.

The wife of Robert J. Burdette, editor of the Burlington *Hawkeye*, died yesterday, at Ardmore, Pa. Mrs. Burdette had been an invalid most of her life.

"Rough on Coughs."

Ask for "Rough on Coughs," for coughs, colds, sore throat, hoarseness, Troches, 15c. Liquid 50c.

The Derby race took place at Epsom Downs to-day and resulted in a dead heat. The race was not run off and the stakes were divided.

Decline of Men. Nervous, weakness, dyspepsia, impotence, sexual debility, cured by "Well's Health Renewer," \$1.

Moody and Sankey closed a successful mission at Croydon, England, yesterday. They will sail for America, July 5.

Mother Swan's Worm Syrup. Infallible, tasteless, harmless, cathartic, for feverishness, restlessness, worms, constipation, 25c.

Advices from the Northwest say that Pennington has arrived at his reserve.

THURSDAY, MAY 20, 1884.

THE CITY.

Kunkle's new valve shop is up to the
third story.

Prof. Fred. Reinske went to Warsaw
this morning.

Judge French returned from Indiana
this morning.

H. W. Green, of Bass' foundry, went
to St. Louis last night.

Geo. Chang, a Fort Wayne Chinaman,
will open a laundry at Warsaw.

Clint. Walton, master of transportation
of the Pittsburg, is in Chicago.

Mrs. Sim Beck, of Denver, Col., is in
the city the guest of Mrs. Leopold Wolf.

There was light market this morning.
It seems the market business is falling
off.

The case of Bloom vs. Trentman is on
trial before Judge Alden in the superior
court.

John Greely has sued Margaret M.
Keenan and Hugh Kerl for \$200 in the
circuit court.

The sister of Deputy Marshal Line-
cooly went to Boston this morning. She
had been visiting here.

The commissioners only transacted
bridge business this session. They meet
in June for regular business.

The four bridges let by the commis-
sioners yesterday will cost the county
about \$40,000 when completed.

Frank Merrimether, injured a month
or so ago on the Pittsburg road, is about
now. He will have the use of all his
limbs.

Harry Moritz is now braking on the
Grand Rapids road. Harry has been out
on fast trips and can twist a brake like a
veteran.

John Thomas, general superintendent
of the Pittsburg road, is in the city. He
was the guest of the McKimme house
last night.

A car load of bones were shipped over
the Pittsburg road to-day to some point in
New Jersey, where they are used in
preparing a fertilizer.

The *Bluffton Banner* says: "The Fort
Wayne *Sentinel* Monday published a
photograph of Butler, the wife murderer,
and a short history of his life."

To-morrow evening the Bicycle club
will celebrate Decoration Day with a
street parade, in which twelve wheelmen,
nearly uniformed, will participate.

Capt. E. B. Smith left last night for
New Orleans, to attend a meeting of the
International typographical union, as a
delegate from Union 78, of this city.

A brand new engine, No. 498, has just
been turned out of the Wabash shops
here and will be used for extra passenger
business. The wheels are five feet in
diameter.

The expense of hanging Horn and
Gribben at Ashland, Ohio, on the 16th
of the present month was \$6,000. The
military alone cost \$3,000. The cost of the
McDonald execution here was but
\$1,000.

Mr. O. A. Simons, delegate to the
national republican convention, receives
a cart load of letters daily. All the mis-
sives boom some gentleman for the
empty honor of a republican nomination
for the presidency.

Yesterday afternoon the county com-
missioners awarded the contract for the
stone abutments to the Wells street
bridge to Hicks & Holmes, of Indianapolis.
Henry C. Paul was given the con-
tracts for the abutments to the other
bridges.

John Morris, a traveler from Atchison,
Kas., had his pockets touched at
the south depot last night. He lost
about \$140. His empty purse was found by
George Gordon, the Pittsburg baggage
agent, this morning. Mr. Morris
kicked very hard.

Wednesday last the board of trustees
of the M. E. college met at the office of
H. C. Schrader, the insurance agent,
and let the contract for the building of
the addition to the Fort Wayne M. E.
college. The lowest bidder was William
Moellering, who offered to do the work
for \$13,500 and to him it was given.

The Wabash road has cancelled its
circular, No. 361, requiring invoices to
accompany waybills covering shipments
of freight to points in Canada. Notice
is also given by this road that joint west-
bound freight tariff No. 27, adopted by
the Illinois Railroad Freight association,
on business from Ohio, Indiana and
Michigan is restored, to take effect on
June 1.

The tramps are getting in their work
north on the Grand Rapids road. At
Kendallville a few evenings ago four of
them gathered around the house of
Mayor Barr and demanded admittance.
They frightened Mrs. Barr and the women
folks very much and only left when
Mr. Barr and the marshal were sent for.
It is also reported they stopped a boy on
the bridge over the Grand Rapids and
Indiana railroad and robbed him of a
small amount of money. They all carry
revolvers and are prepared to shoot when
an occasion offers. We need some legis-
lation upon the tramp question.

The next State Fireman's association
will be held at Elkhart.

The county commissioners inspected
bridges in the country to-day.

Mrs. Mary Ryan, daughter of Wood
Measurer Ryan, is ill with typhoid fever.

The Fort Wayne club plays its first
game abroad June 9 with the Bay City
club.

Four car loads of Catholic Knights
with their ladies went to Rome City this
morning.

The Platt Deutscher Fritz Renter Ve-
ren will give an excursion to Rome City
early in June.

The Pittsburg shops and freight depot
will be closed to-morrow on account of
its being Decoration day.

The excursion of the Little Turtle
club to Rome City was quite a success,
three coaches being filled.

The Wabash pay car paid at Spring-
field, Illinois, to-day, so it is rumored.

The rumor gives the boys here encour-
agement.

Siegfried Beverforden, the contractor,
this morning went to New Castle, accom-
panied by a number of workmen, to erect
a school building at that place.

General Manager Baldwin, of the Pitts-
burg road, came to the city this morning
in his special car. He was joined here
by General Superintendent Thomas.
The magnates go east.

Architect Gregory Vigeant, of Chi-
cago, is in the city to-day, and was in con-
sultation with the contractor and building
committee of the First Presbyterian
church. A change in the original plans
is proposed.

Yesterday morning a fire broke out in
a dwelling on Summit street. Mr. Iten,
the water works inspector, assisted by
several ladies who rendered valiant
service, extinguished the blaze before
the department arrived.

Sheriff McGriff took Fred. Richards
and Wurst to Decatur this morning.
The men were indicted for murder in the
first degree yesterday. To-day the date
of their trial was fixed, but Robert Strat-
ton tells us when that time arrives he will
ask for a change of venue from Adams
county. The case may be sent here.

It is said by persons who ought to
know that none of the passenger trains
on the Fort Wayne branch of the Lake
Shore are paying, and on many days not
earning enough to pay the actual running
expenses. The morning train south
and the evening train north carry very
few passengers north of Angola and north
of Hillsdale; the coaches are frequently
nearly empty. It is possible that the rumor in circulation a few weeks
ago to the effect that passenger trains
would not run beyond Hillsdale after a
few weeks may have some foundation.
Railroad companies do not generally run
trains where the patronage does not warrant
it.

On May 31 the Erie and Chicago line
will cease to exist, and the offices of that
road will be closed to the public. This
line has been in existence for a number of years, running from Chicago by the
Pittsburg, Ft. Wayne and Chicago road to
Mansfield, Ohio, thence by the Atlantic
and Great Western to Salina, Ohio, and thence by the Erie road to Jersey City. The business of the line
has not been quite as good of late as it
formerly was, nor has that attention
been shown to it of late by the companies
interested in it as was their wont.
The recent meeting of the joint executive
committee (passenger department) was also instrumental in closing it.

The prize drills and other entertain-
ments to be given at Indianapolis next
week, on the occasion of the annual
meeting of the Grand Lodge and Grand
Division U. R. of Knights of Pythias of
Indiana, promise to be of unusual interest.
There will be about fifteen divisions
of the Uniformed rank taking part in
the grand parade on Wednesday, together
with all the lodges of Indianapolis
and military organizations.

The bands of the city and bands from
Kokomo, Terre Haute, Anderson and
Franklin will be in the procession.

The Supreme Lodge officers and the finance
committee of the Supreme Lodge, with
the major general of the Supreme jurisdiction
of the Uniform rank forces, and his
staff will assist in the demonstration.

Quite a party of Fort Wayne Sir Knights
will go Indianapolis.

The *Portland Sun* says that among
the transfers of real estate in this country
we notice that Charles Munson, of Fort
Wayne, has deeded to Bishop Joseph
Dwenger a lot in his east addition
in this city. We learn from the attorney
who drew the conveyance that this is a free gift to the Catholics of Portland.
This desirable lot is one of the highest and handsomest in the city for
residence purpose, is convenient to the church, and is worth fully \$500. This
is not Charley's first gift to this congregation.
Ten years ago Mr. A. J. Janus and
Mr. Munson equally contributed
the lot on which the church building
stands; and now, when it is desired to
have a lot on which to erect a priest's
residence, Charley comes to the front
handsomely. The Catholics here will
now have a resident priest, and not depend
on missionary services. We learn
that a handsome residence will soon be
erected on this lot.

Many of the bitters and quack nostrums of the day are also advertised for consumption on the plan that the only thing that the stuff won't cure is the avaricious, ignoble grief of the proprietor. Don't be deceived. The best remedy for strengthening the lungs, soothing all irritation, and stopping the cough, is Dr. Wister's Balsam of wild cherry. It has cured many cases where physicians had given up hope.
